My Success Chart

Track what you do, not what you score. Effort is in your control; a grade is not.

What I am working toward — in my own words

My week

Write one indicator on each colored row. Mark the box each day you do it.

My key indicators	Mon	Tue	Wed	Thu	Fri	Sat	Sun

Weeks run Monday to Sunday. Print one for each week, or copy the grid and keep going.

When I hit my goal, I will...

If I miss a day, I will...

A missed day is information, not failure. Look at what got in the way, and change the plan rather than the person.
